

# Active Directory Password Audit Report

Generated by: PassAudit Pro

Date: 2025-07-01 02:47:53

Company: mydomain.local

This confidential report analyzes the strength and security of Active Directory user passwords, highlights top risks, and evaluates compliance with password policies.

## Executive Summary

| Metric                | Value      |
|-----------------------|------------|
| Total Users Evaluated | 100        |
| Cracked Passwords     | 31 (31.0%) |
| Weak Passwords        | 14 (14.0%) |
| Fair Passwords        | 3          |
| Strong Passwords      | 2          |
| Very Strong Passwords | 12         |

## Top Risks

- Password posture appears acceptable.

# Password Policy vs Best Practices

| Policy Item                 | Current Setting | Best Practice |
|-----------------------------|-----------------|---------------|
| Minimum Password Length     | 12              | 12            |
| Password History Length     | 5               | 5             |
| Maximum Password Age (days) | 90              | 90            |
| Minimum Password Age (days) | 0               | 0             |
| Account Lockout Threshold   | 5               | 5             |

■ Best Practice Policy is Applied

## Compliance Summary

- Password length meets best practice.
- Password history is sufficient.
- Max password age is compliant.
- Lockout threshold is good.

## Full Password Evaluation Results

| Username       | Password       | Strength    | Score | Reason   |
|----------------|----------------|-------------|-------|--|
| ahmed.khaled   | 0vRDMFYoj%KsoG | Very Strong | 80    | Passes all checks  |
| ahmed.zahran   | B58lCaj2-omV2h | Very Strong | 80    | Passes all checks  |
| ali.farah      | nJu6wu43h9D+D2 | Very Strong | 80    | Passes all checks  |
| faisal.mahmoud | 7Lg+N!5_cy_nq& | Very Strong | 80    | Passes all checks  |
